

St. Luke's, Durham
Rector Search
Qualities we're praying for in our next Rector:

Based on our RenewalWorks efforts and discussions with parishioners, we are looking for a leader who will support us in our spiritual growth, equip us to talk about our faith, and challenge us to use reason to reflect faithfully on scripture and church traditions.

We want someone to see us as individuals, enjoy our communal life, be with us in illness, and bury us with love. We need someone who values lay leadership and skills and empowers collaboration. We want someone who enjoys liturgy and preaches the gospel.

Throughout most of St Luke's history, we have been an intergenerational parish with thriving programs for children and youth. As the children of our members have aged out and moved away, we have not replaced them by attracting new young families. We hope to change this going forward but are unsure how an older congregation might go about this.
